

**HAIR INSPO:
GALIA LAHAV**

This red-hot Israeli bridal line debuted the beautiful "Les Rives Bohémiens" Spring 2016 collection at New York Bridal Fashion Week, and the beauty look had us captivated almost as much as the sexy, skin-baring gowns. The models looked like modern-day Cinderellas—we were especially smitten with their hair—a riot of seriously big, bouncy curls that looked sexy, fresh and fairy-tale perfect.

**ULTRA-FEMME
FRAGRANCE**

The latest addition to the Les Exclusifs de Chanel fragrance range is an exotic floral with a twist. Named after Coco Chanel's closest confidant Parisian art patron Misia Sert, the scent combines notes of May Rose and violet with leather. The result is a scent that is unforgettable and utterly one of a kind. *Les Exclusifs de Chanel Misia*, \$180 for 75ml.

**PRETTY
POLISHES**

Essie's Bridal 2015 collection features a mix of soft and bold shades to suit every type of bride. Who says you can't wear red when you're going to the chapel of love! Clockwise from top: *Brides to Be, Worth the Wait, Brides No Grooms Tying the Knotie, Hubby for Dessert, Happy Wife Happy Life*, \$10 each.
